

# LOOSE ARTISAN TEAS

## English Breakfast

*This is a classic British Breakfast blend. It is a beautiful, tippy, aromatic BOP leaf that steeps up full-bodied, with very little astringency. It is very hearty with a little bright note, and it takes milk and sugar well, although it doesn't need it.*

## Moon Over Madagascar

*This is an indulgent and decadent tea. It is a marvelous blend of black tea, flavor, and vanilla pieces. Rich and sumptuous.*

## Earl Grey

*This classic British tea is full bodied, very smooth, and silky with just a hint of sweet/floral notes in the background. Made with fine Chinese tea and bergamot flavor.*

## Assam

*This is a great everyday Assam, very hearty and malty, but with a nice clean taste. This tea is our first choice for using as a base tea for Chai.*

## Reena's Chai

*Traditional full-bodied, aromatic, smooth Indian Chai made with high grade tea base and spices. Cardamom, cinnamon, and ginger flavors.*

## Darjeeling

*A smooth, everyday Darjeeling black tea with elegant muscatel notes.*

## Roasted Chestnut

*This is a deep, dark, rich black tea blend with a delicious aroma. It has a roasty nut flavor with a little sweet silkiness. Contains nuts.*

## Courtship

*A gourmet blend of black teas and flavorings with the essence of ginger that creates a truly smooth tasting tea.*

## Sweet Ginger Green

*This is a very refreshing, bracing, and slightly sweet blend of Sencha, ginger root, lemongrass, lemon peel, and honey crystals.*

## DECAFFEINATED SELECTIONS

### Decaf English Breakfast

*Made with Ceylon OP tea leaves; it has a classic British style tea taste and aroma, full-bodied and smooth.*

### Red Berries

*This caffeine-free herbal is wonderfully aromatic and steeps ruby red in color, and the liquor is full-bodied, with tons of sweet fruit/berry flavors, and a decidedly tart note.*

### Chamomile

*This Egyptian Chamomile is the finest on the market. It steeps up smooth and floral with a soft sweet richness and a wonderful calming fragrance.*

### Peppermint

*Flavorful and aromatic. The perfect drink after heavy meals; mildly stimulating, cooling, and refreshing.*
